Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Monday 31 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Most areas fine, warm and dry today and tomorrow.

Today:
Most places fine, warm and dry with plenty of sunshine. Early low cloud over eastern parts will soon retreat back to North Sea coastal areas where some parts will remain rather cloudy. Chance of isolated showers over western Northern Ireland.

Tonight:
After a fine end to the day, most will have a dry night with clear periods. Cloud over North Sea coastal areas will return to some eastern coastal counties though.

Tuesday:
Another warm, dry day with plenty of sunshine for most. Cloudier in the east at first, early cloud  burning back to North Sea coastal areas where dull again for some.

Outlook for Wednesday to Friday:
Another very warm day for many on Wednesday, though showers and thunderstorms are likely to develop from the southwest. Drier Thursday, before further showers or thunderstorms on Friday.
